PCB TECHNOLOGY DAY 2019 : 25th April 2019 in
Sofia

Dear Sir or Madam,

We would like to remind you to register for our free of charge seminar in Sofia, on 25 April 2019.

Don't miss out to see **PADS - the next generation** as well as **HyperLynx** in action during this event.

You will be seeing advanced features such as **rigid-flex design**, **3D layout**, **ECAD-MCAD collaboration**, **sketch routing** and **hierarchical placement with routing estimation**.

The latest version of **HyperLynx** includes **automatic compliance verification** of **DDR** interfaces and **SERDES** channels with the applicable JEDEC standards.

Registration closes soon, **on March 25** - follow the link below to join our seminar!
Location details will be provided with your confirmation.

REGISTER

You will find the calendar of our public workshops and trainings on our website as usual. We offer these as in-house training as well - please contact us to discuss your requirements.

Best regards
Mircea Slanina
